**IMPACT:** State & Local

**Summary of Legislation:** This bill enhances the penalty for selling or furnishing alcoholic beverages to a minor from a Class C misdemeanor to a Class D felony if the offense results in serious bodily injury to or the death of the minor. It also enhances the penalty for contributing to the delinquency of a minor from a Class A misdemeanor to a Class D felony if the offense results in serious bodily injury to or the death of the minor.

**Effective Date:** July 1, 1999.

**Explanation of State Expenditures:** This bill creates an enhanced penalty for providing alcoholic beverages to minors. It also provides for a new Class C felony provision for contributing to the delinquency of a minor. A Class D felony is punishable by a prison term ranging from 6 months to 3 years or reduction to Class A misdemeanor. The stay for a Class C felony is 2 to 8 years. Sentencing is dependent upon mitigating and aggravating circumstances.

The average expenditure to house an adult offender was \$20,500 in FY 97. Individual facility expenditures range from \$11,000 to \$27,000. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the average cost for medical care, food, and clothing is approximately \$1,825 annually or \$5 daily per prisoner. The average length of stay in DOC facilities for all Class D felony offenders is approximately seven months. The average length of stay for all Class C felony offenders is approximately one year, seven months.

**Explanation of State Revenues:** If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund could increase. The maximum fine for Class C & D felonies is \$10,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, county or municipal court (courts of record), 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed

in a city or town court, 55% of the fee would be deposited in the state General Fund.

**Explanation of Local Expenditures:** If more defendants are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average cost per day is approximately \$44.

**Explanation of Local Revenues:** If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. (2) A \$3 fee would be assessed, and if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed, and if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.
